Chapter 1 by Fanwizard

Paige Wilson has her personality split down the middle, ever since she had been bullied badly in third grade. Her school personality and her home personality. At school, she is popular, cheerful, and everything the popular girls want her to be. But at home, she's always moody and negative. If school friends visited her outside of school, she would have her school mode on. Everything is perfect. Until someone from home, her little sister with Autism, goes over to the school side. Now, Paige is unsure, torn between two choices, continue being someone she's not, or show the world who she was really was and lose the only boy that has ever loved her.
